

# Troop 123 January 2012 Campout

Jan 20-22 @ Jon Beltz Retreat

We are going to have a LAN campout (Local Area Network). Here are some things to consider:

- You will be providing your own computer or gaming console and TV.
- You will be providing your own games.

Things we will provide:

- A switch and router to connect all the computers
- A server for games scouts want to play

Things to remember when bringing your own computer:

- Surge Protector
- Keyboard
- Mouse
- Mouse pad (we will be on picnic benches)
- Headphones (no speakers!)
- Monitor
- Computer tower
- Ethernet cable (25+ ft would be beneficial)
- Games

If you are bring a gaming console you need to have the following...

- Gaming console and controllers
- TV to play the game on.
- Surge Protector / Power Strip
- Extension cord
- Games

Note: You will be responsible for providing your own copies of games

All Games will be reviewed before the campout. Please give us a list of game you are bring so that we can make sure that the games are appropriate.

**NO 'M' Games Please.**

All games are subject to confiscation if you bring games that are not appropriate.
